REACHING A NEW HIGH.

The luxurious enclosed flybridge on the A50 Aegean Enclosed takes the joy of cruising to new heights. But as well as offering uninhibited views of the seascape, it also provides another entertainment area where guests can relax both indoors and out, thanks to the sliding glass doors to an aft balcony.

And with the helm station up top, there's more room to move on the main deck, making the A50 Aegean Enclosed the ultimate entertainer.

But as well as being long on features, the A50 Aegean Enclosed has genuine long-range cruising capabilities. Designed with an advanced variable deadrise hull, engines and fuel tanks over the centre of buoyancy, and a miniscule shaft angle of just 9 degrees, the A50 Aegean Enclosed has effortless poise and balance – and is incredibly fuel-efficient as a result.

Named after the Aegean Sea, the A50 Aegean Enclosed would be perfectly at home in any of the glamorous European ports along the Mediterranean. Whether you're at sea, entertaining, or relaxing in the master stateroom with ensuite, the Maritimo A50 Aegean Enclosed takes luxury long-range cruising to another level.

It truly is oceans apart.

The Maritimo vessel in this specification sheet shows manufactured vessels for a particular geographical market and individual specification. They include standard and optional equipment and accessories that may be subject to change without notice.
