## ENJOY THE GREAT INDOORS.

The eye-catching enclosed flybridge is probably the first thing you'll notice about the stunning new A60 Aegean. Whether cruising at the helm or anchored at a favourite hideaway, the elevated position offers uninhibited views of the seascape. In addition, wide sliding doors open to an aft balcony, making the enclosed flybridge a second entertainment area where guests can relax indoors and out, or simply enjoy Maritimo's legendary performance in the company of the skipper.

But the A60 Aegean Enclosed not only goes further in style and luxury, it also goes further thanks to genuine long-range cruising capabilities. Designed with an advanced variable deadrise hull, engines and fuel tanks over the centre of buoyancy, and a miniscule shaft angle of just 9 degrees, the A60 Aegean Enclosed has effortless poise and balance – and is incredibly fuel-efficient as a result.

Named after the Aegean Sea, the A60 Enclosed would be perfectly at home in any of the glamorous European ports along the Mediterranean. Whether you're at sea, entertaining or relaxing in the full beam master stateroom with ensuite and walk-in wardrobe, the luxurious A60 Aegean Enclosed takes the joy of cruising to new heights. It truly is oceans apart.
